Headlines of exam results - Summer 2026:

- Students celebrated a wide range of achievements across GCSE, Entry Level, Vocational and Personal Development qualifications, reflecting the school's commitment to personalised pathways and ambitious outcomes for all learners.
- Several students achieved strong GCSE outcomes, including Grade 7s in English Language and Mathematics, demonstrating that pupils can achieve highly when barriers to learning are effectively addressed.
- A number of students secured GCSE Grade 4 and above passes across English, Mathematics, Science, History and Art, providing important foundations for further education, employment and training.
- Vocational qualifications continued to be a significant strength, with students achieving Pass, Merit and Distinction awards in Sport and Cookery Skills programmes.
- Students successfully completed a range of accredited pathways from Entry Level through to Level 2 qualifications, highlighting the school's inclusive curriculum offer and focus on meaningful destinations.
- The highest GCSE outcomes this year included Grade 7s in Mathematics and English Language, alongside multiple Grade 5 and Grade 6 achievements across the cohort.
- Students demonstrated success across both academic and vocational routes, reflecting the school's commitment to preparing young people for adulthood through personalised and aspirational provision.
